

ROMEO AND JULIET PRE-READING EXERCISE: AGREE OR DISAGREE?

Strongly Disagree	Slightly Disagree	Neutral	Slightly Agree	Strongly Agree
1	2	3	4	5

An exercise to get students thinking critically about the themes and storyline of *Romeo and Juliet*.

Print a copy for each student and give them 5 minutes to read each of the 8 statements and colour in the block which corresponds with what they believe (“Strongly Disagree” through to “Strongly Agree”)

Once completed, either split everyone into groups to discuss each point in further detail or open it up to a class discussion.

Encourage debate and personal anecdotes as this will help students to relate to the play!

If you found this useful please take a moment to write a review so I can continue to produce these free resources!
